

USE OF COOKIES

Access to this Website may involve the use of cookies. Cookies are small units of information that are stored in the browser used by each user so that the server remembers certain information, which will allow faster access and improve browsing. Cookies generally have a limited duration in time. No cookie allows you to contact us with your email address or any other means of contact.

THIS WEBSITE USES THE FOLLOWING TYPE OF COOKIES:

Own cookies: These are those that are sent to the user's terminal equipment from a computer or domain managed by the editor itself and from which the service requested by the user is provided.

Third-party cookies: These are those that are sent to the user's terminal equipment from a computer or domain that is not managed by the editor, but by another entity that processes the data obtained through cookies.

Session cookies: These are a type of cookies designed to collect and store data while the user accesses a web page.

Persistent cookies: These are a type of cookie in which the data continues to be stored in the terminal and can be accessed and processed for a period defined by the person responsible for the cookie, which can range from a few minutes to several years.

Technical and functional cookies: they are strictly necessary for the use of the site and for the provision of the service.

Personalization cookies: allow the user to configure the design, language, and preferences of their browser.

Analysis cookies: These are those that, well treated by us or by third parties, allow us to quantify the number of users and thus carry out the measurement and statistical analysis of the use made by users of the service offered. To do this, your navigation on our website is analyzed in order to improve the offer of products or services that we offer.

This website may use cookies to facilitate navigation and improve the quality of the provision of our services to the user. However, the user can configure their equipment to accept or reject the cookies they receive (preferences or privacy options of their browser).
